Contract	Location	Platform	Engine	Management role	Work-from-home
Full time 6-month contract	Brisbane, Australia	PC, Console, Mobile	Unreal Engine	No	2 days /week

WHO YOU ARE

- **Creative Thinker:** Passionate about designing gameplay and quick to learn new tools and workflows.
- **Collaborative:** Strong communicator who thrives in cross-functional teams.
- **Problem Solver:** Skilled at identifying design challenges and improving player experiences.

WHAT YOU NEED TO SUCCEED

- Bachelor's degree in Game Design, Interactive Media, or a related field (or working towards one).
- Familiarity with game development principles and design best practices.
- Understanding of game mechanics, level design, and player experience.
- Ability to work effectively in a team environment.
- Excellent written and verbal communication skills.

WHAT YOU WILL BE WORKING ON

Main challenge

The main challenge of this role as an intern game designer will be balancing the learning curve of mastering design tools with the need to contribute effectively to the team. You'll need to quickly adapt to the project's workflows, collaborate with designers, artists, and engineers, and maintain creativity and design quality.

What it means on a daily basis

- Help develop and refine mechanics, levels, and player experiences.
- Prototype and iterate on gameplay features based on feedback.
- Work with programmers and artists to execute the design vision.
- Participate in playtesting and adjust designs based on feedback.
- Troubleshoot design issues and offer creative solutions.

Who you will be working with

You will collaborate closely with our Design Director, Rob Littler, as well as our dedicated design and programming teams. Additionally, you will have opportunities to engage with various other departments such as art, production, and QA. The Brisbane Studio boasts a community of over 100 exceptionally talented individuals.

THE BRISBANE STUDIO

At Gameloft Brisbane, we believe in making games that our players want to play and that we want to work on. We are fully committed to building our studio's culture around our philosophy, High-Quality and Fun, and we work hard to bring both elements to our cross-platform titles. If this resonates with you, don't hesitate to come and join the game!
